Founder, D Y Patil Group, India

*"Ego is the death of life, death of ego is real life.
If you follow this principle in life, you are bound to succeed."*

- Dr. D. Y. Patil

Merit can only be achieved through Excellence

Knowledge is Supreme

From the Chancellor's Desk

“It always fills me up with the immense joy to see batch after batch of students head out into the world equipped with the power of knowledge and an aspiration to create real impact in the world.”

Dr. Vijay D. Patil

Chancellor & President

D Y Patil University, Navi Mumbai

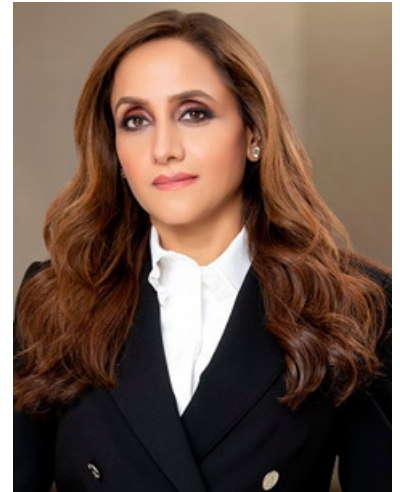

From the Pro Chancellor's Desk

The guiding force that spearheads growth at the DY Patil Group, Mrs. Shivani Patil's unmatched passion for the group's initiatives and larger goals has helped scale new heights.

Mrs. Shivani Vijay Patil

Pro Chancellor & Vice President

D Y Patil University, Navi Mumbai

From the Board of Management's Desk

The D. Y. Patil Group is a pioneer in the field of higher learning. Our mission, to advance new ideas and promote enduring knowledge, has created excellent academic learning. We encourage students to push the limits of their minds. Because, we believe that's what gives them the cutting edge. And we continue to do it by offering inspired, committed and value based professionals. We would like to extend a warm welcome to you. We are sure that the students we recruit will prove to be a great asset to the society at large.

Dr. Ajeenkya D Y Patil

Board of Management,

D Y Patil University, Navi Mumbai

From the Vice-Chancellor's Desk

Greetings from D.Y. Patil Deemed to be University, Navi Mumbai !!!

The Focus of our University is 'Learner Centric'. Today our endeavor is to prepare the students for life and careers in a rapidly changing world. Technology has given us many options for real-time and virtual interaction through various mobile devices. Our University also has a customized learning management platform called 'My DY which is an open digital digital online platform where students and faculty interact with one another. The students also experience engaging learning, training, coaching and mentoring sessions from the best, brightest and highly qualified faculty in the University through webinars, webcast and video conferencing in the Virtual Classrooms. The University has a reputation of providing high quality academic teaching and training and has received 'A++' grade which is the highest grade by 'National Assessment & Accreditation Council (NAAC). Best wishes to all the Students and faculty for the academic year.

Dr. Vandana Mishra,

Vice Chancellor

D. Y Patil Deemed to be University, Nerul. Navi Mumbai.

From the Director's Desk

Greetings from D.Y. Patil Deemed to be University School of Management, CBD Belapur, Navi Mumbai !!! "D.Y. Patil University School of Management is one of the leading School in this entire family of D.Y. Patil Group of Institution. The Director and the faculties believe that the students are the main pillars of this organization. And to that extent therefore we do everything to ensure that our students are satisfied, they achieve what they want in life. We do ensure even the average student that joins our college becomes a super average student of ours. And my personal motto has always been that every student of mine has to be a success student".

Prof. Dr. R. Gopal

Director, Head of the Department and Former Dean,

D. Y. Patil Deemed to be University,

School of Management,

Navi Mumbai.

From the Dean's Desk

Greetings from D.Y. Patil Deemed to be University School of Management, CBD Belapur, Navi Mumbai !!!

At our institution, we redefine education by combining academic excellence with critical thinking and adaptability. Our BBA and MBA programs blend theoretical learning with real-world experiences, ensuring graduates are not just job-ready but poised to innovate in the business world.

Aligned with the National Education Policy, we foster multidisciplinary learning and offer a dynamic platform for pioneering research. Safety is our priority, and our campus facilities cater to diverse student needs, ensuring a secure and enriching environment.

Join us on a journey toward a promising future!

GUIDING FACTORS

Future-focused multidisciplinary program

Center for Global Education

Located in the Country's Commercial Center

Industry-Integrated Learning Through Corporate Leaders

Leading edge Learning via real-world simulations

'Know thyself'

Vision

- To become first among equals in the services of humanity through Education.

Mission

- To provide quality education and skill development in all spheres of higher learning.
- To engage in quality research, innovation and application of knowledge for development of faculty and community.
- To develop professional human resources in health sciences and in other areas required for nation building.
- To put in place dynamic techno-structure for effective use of information and communication technology in curriculum development, pedagogy and in system management.
- To create learner-centric ecosystem and support to develop all round personality of learner.
- To develop symbiotic relations with industry and other academic and research institutions to meet the expectations of various stakeholders.

Goals

- To ensure that the School is amongst the TOP 50 B Schools in India in the next 5 years i.e by 2030.

OBJECTIVES OF DYPUSM

EVERY STUDENT OF DYPUSM WILL CREATE A SUCCESS STORY

- To impart contemporary knowledge to our students through State of art Pedagogical tools and ICT based teaching learning methodologies.
- To prepare our students for a challenging career in industry, trade and commerce as managers, leaders and responsible corporate citizens in all walks of life.
- To evolve the spirit of entrepreneurship and assist them in their ventures.
- To develop our students as potential teachers of high quality for higher education institutes.
- To create a conducive learning ambience.
- To nurture intellectual capital for nation building.
- To build growth engines so as to provide sustainable competitiveness.

'Excellence Today For a Better Tomorrow'

The School

DYPUSM has been established with an aim to provide quality management education fulfilling the needs of the corporate world. The School conducts BBA & MBA programs along with Ph. D. It offers trending industry oriented courses such as BBA in Business Analytics and MBA in Business Analytics. It is located very close to the industrial belt of Navi Mumbai which is centrally located between the main city of Mumbai and Pune. industry oriented courses such as BBA in Business Analytics and MBA in Business Analytics. It is located very close to the industrial belt of Navi Mumbai which is centrally located between the main city of Mumbai and Pune.

The learning ambience at DYPUSM provides ample opportunities to our students for enhancing managerial skills and to develop one's personality for a challenging future. The BBA & MBA graduate of the future will need to exhibit the abilities both to make theory come alive in the marketplace and to generalize from the specifics of real life action. At DYPUSM, the experimental, interactive program design involves students, faculty members and industry leaders and thus the students are able to meet the challenges.

Training & Development

The Training and Development department at DYPUSM plays a pivotal role in shaping the future leaders of the business world. Its primary objective is to equip students with the necessary skills, knowledge, and experiences to excel in their careers as proficient managers and entrepreneurs. The committee's purpose revolves around fostering a holistic learning environment that goes beyond classroom education. Our purpose is to identify, develop, and refine the skill sets necessary for students to excel in their careers. We facilitate opportunities for practical exposure through workshops and industry interactions. The various workshops that we conduct helps the students in their career planning, resume building, and networking to enhance their employability. Services like resume building workshops, mock interviews, and career counselling sessions are conducted to prepare students for the competitive job market. Our initiatives and efforts not only enrich the learning experience but also contribute significantly to students' success in the competitive business landscape.

Benefits of Internship

At D.Y. Patil deemed to be University, School of Management at the end of Semester 2 of MBA, the students have to mandatory work in an organisation through internship. This not only benefits the organisation but also the student to upgrade his/her skills that are necessary in today's world. The beneficiary factor for the student is that they get an insight into the jobs that they are working on and then they can decide on their future decisions. We prepare our students through different training modules like communication skills, confidence building, presentation skills, and many more for internships also.

Students get an overall perspective on how the companies operate in an economy working with an expert in that field. They toil towards their goal with experience in their field; the term experience is very crucial in today's job market due to a large amount of competition that has arisen, sometimes there are opportunities that the companies offer students based on their skill level and working performance there are opportunities given down the line while working with the company.

Students gain valuable confidence while working with a company and can relate to the work experience with organizations further, where there are difficulties and an expectation not to fail in tasks assigned to them. They also get to build and expand their network before time, which can prove very beneficial for beginners. Students get to build their Resume and gain an advantage over the rest of the crowd there are many factors of internship that help students but the most crucial of them is learning with likeminded professionals, this helps them way ahead in their time and gain solutions to common problems faced in that sector. It also gives them an edge in the job market, with exploring them for their future career path, and transition in to job.

Internship introduces the students to a disciplined lifestyle early on so that they are able to adopt into stressful environment situation. It has been seen many of the students on the basis of their performance in organisation has received Pre-Placement Offer

Key take aways of Internship

- 1) The internship gives a student to explore his /her career while they are studying
- 2) It enables a student to gain knowledge in a specific industry, and also understand if it matches an individual's goals.
- 3) Observe the professionals, network with them and introspect on an individual's strength and weakness.
- 4) Most of the companies who come for campus drive also look for the experience in an individual student and strong internship highlights in an individual's resume bridges the gap of being a fresher and gives better opportunity to the students.
- 5) The platform of internship also enables a student to gain self-confidence, leadership skills and achieve one's own learning goals.
- 6) It enhances ones resume and acts as a tool to decide the path of career goals.
